Section 11	Effective Date: February 1, 2026
Subject: Body Worn Cameras	

I. Policy. To the extent funding and availability of devices permit, all sworn officers Senior and below shall be issued and use Body Worn Cameras and store recorded video so as to preserve its evidentiary value. Officers shall not use any personal recording devices while on duty or for any supervision purpose.

II. Definitions.

A. *Body Worn Camera (BWC):* an electronic device worn on a person's body that records both audio and visual data.

B. *BWC System Administrator:* A Board employee designated by the Director of the Training Division given the authority under this policy and the Data System's permissions to draft, review, and revise agency Data System usage policy; grant Data System access permissions, make changes permitted by the BWC vendor to the configuration of the BWC system or its elements; serve as the agency BWC subject matter expert; and to perform other BWC-related duties as assigned by the Director of the Training Division.

C. *Data System:* The electronic system for storage of BWC data.

III. Procedures.

A. General Guidelines:

1. The Director of the Training Division shall appoint an employee to perform the additional duties of BWC System Administrator.

a. The BWC System Administrator is the point of contact for all issues related to BWCs, their use, the Data System, and this policy.

b. The BWC System Administrator shall serve as the Board's point of contact with the BWC vendor for all hardware, software, and Data System issues.

c. The BWC System Administrator is responsible for drafting, annually reviewing, and revising a BWC data storage policy.

1) In developing the BWC data storage policy, the BWC System Administrator shall consult with the Director of Training, Assistant Directors of Field Services and Reentry Services, the General Counsel, the Director of Information Technology, and the Data System vendor if any.

2) The BWC data storage policy shall include, at minimum, the following provisions:

- a) procedures for requesting access to the Data System;
- b) procedures for removing access to the Data System;

Section 11	Effective Date: February 1, 2026
Subject: Body Worn Cameras	

- c) instructions for how to use the Data System (which may incorporate instructions provided by the vendor); and
 - d) levels of access and qualifications/approval authority to obtain each level of access.
- 3) The Board delegates the approval authority for the BWC data storage policy as well as all revisions thereto to the Director of Pardons and Paroles.
- 4) The BWC System Administrator shall ensure that the initial BWC data storage policy and any revisions thereto are disseminated to all officers.
- 5) The provisions of the approved BWC data storage policy shall be deemed to be a part of this policy for all purposes including the Board's progressive discipline policy.

2. Initial issuance of BWCs.

- a. It is the goal of the Board that all sworn officers of the rank Senior and below shall be issued and use BWCs in accordance with this policy.
- b. If they have not already done so, immediately upon initial receipt of a BWC, officers shall obtain a working account with the Data System vendor in accordance with the BWC data storage policy and the Data System vendor's requirements.
- c. Supervising officers shall ensure that their direct report officers who have been issued BWCs have access to the Data System and can transfer data to it from their assigned BWC.

3. General BWC rules.

- a. Officers shall use BWCs only in accordance with this policy.
- b. Officers shall not use BWCs, or any other device, to secretly record meetings, discussions, or activities of other officers or ABPP personnel without their knowledge or consent. For purposes of this provision, consent of all involved ABPP personnel involved is presumed when activation of a BWC is required under this policy.
- c. It is not a violation of this policy for an officer required to use a BWC to perform duties without a BWC if:
 - 1) s/he has not been issued a BWC; or
 - 2) his/her issued BWC is inoperable.
- d. Officers shall not use agency-issued BWCs for personal reasons.

B. Maintenance and Pre-Shift Checks.

Section 11	Effective Date: February 1, 2026
Subject: Body Worn Cameras	

1. Officers shall comply with all manufacturer's recommended maintenance, device storage, charging, and other end user responsibilities. Officers will immediately report all maintenance issues to their supervisor and the BWC System Administrator.
2. Officers may keep their BWCs and chargers at home or, if they can be secured, at their office.
 - a. Regardless of the location used to store the BWC and charger, officers will ensure that the BWC/charger has secure internet connectivity either through their issued MiFi or phone hotspot, or an Information Technology Division (IT) secured and approved office Wi-Fi or wired connection.
 - b. If the Bureau-provided /hotspot is incapable of uploading BWC data to the Data System from an officer's home, the officer must keep his/her charger at the office.
 - c. Absent exigent circumstances or an order from a District Manager (DM) Officers will not use personal, public, or any other internet connection not approved by IT to transfer data from their BWC to the Data System.
3. Officers shall ensure that their issued BWCs are fully charged and operable at the beginning of each shift in accordance with the manufacturer's instructions. Officers shall immediately report inoperable BWCs and/or deficiencies as set forth in paragraph B1.
4. Officers will attach the BWC to themselves using the manufacturer's recommendations and instructions from the Training Division in such a way so as to balance the risk of the BWC becoming dislodged with maximizing the BWC's field of view.

C. Use of BWCs.

1. While on duty, officers will wear their BWCs at all times. Officers will keep their BWCs in "standby" or other mode that continuously loops recording. If the BWC permits different lengths of time for the recording loop, officers will select the longest. Officers may turn their BWCs off for the duration of restroom breaks.
2. Activation and duration of recording.
 - a. Unless specified otherwise, the activation requirements in this section apply to any time an officer is authorized/required to wear a BWC regardless of whether s/he is performing a duty directly on behalf of the ABPP.
 - b. Officers will activate their BWCs in the following circumstances and leave them recording for the duration specified:

Section 11	Effective Date: February 1, 2026
Subject: Body Worn Cameras	

- 1) Visits to a supervised person's residence.
 - a) Regardless of the reason for the visit to a supervised person's residence (including the listed address/location for homeless supervised persons), officers shall activate their BWC while still in their vehicle upon arrival at the person's residence.
 - b) Regardless of whether an officer contacts the supervised person, the BWC will remain activated during the entirety of the visit.
 - c) Officers will not return the BWC to standby until the visit is complete, the officer has returned to his/her vehicle, and the officer is leaving the area.
- 2) Solo interactions with supervised persons of the opposite sex. Officers will activate their BWCs and leave them on for the duration of any interaction with a supervised person of the opposite sex.
- 3) Electronic Monitoring (EM) callouts.
 - a) Officers serving in an on-call capacity for EM alerts will ensure that their BWC is charged and fully operational at all times during the on-call period.
 - b) Officers will take their BWCs to all EM callouts.
 - c) When responding to the scene of an emergent alert, officers will activate their BWCs when in close proximity to the residence or last known location of an EM Offender.
 - i. The officer will leave the BWC activated during the entire response.
 - ii. The BWC may be returned to standby mode when the officer has completed the response and is returning to his/her home.
 - iii. Upon return to his/her residence or office, the officer will immediately place the BWC in the charger and ensure data transfer begins.
- 4) When an officer is involved, either as a driver or first responder, to a motor vehicle accident and continue recording until the officer leaves the scene.
- 5) When ordered to do so by a superior officer. In such instances officers will not return their cameras to standby until authorized by a supervisor to do so.
- 6) When required by the policies and procedures of a multi-agency task force or similar organization to which an officer has been assigned and for the duration specified in said policies and procedures.

Section 11	Effective Date: February 1, 2026
Subject: Body Worn Cameras	

- 7) Situations in which the need for video evidence is anticipated or becomes apparent and continue recording until it is reasonably clear that the BWC will capture nothing further of evidentiary value to the situation for which the officer activated the BWC.
 - a) Generally, officers will activate their BWCs when they can reasonably anticipate the need to preserve evidence regarding an operation that is about to take place, or an incident that is in progress.
 - b) When making the decision to activate a BWC, officers should consider:
 - i. the likelihood an additional crime or supervision violation may occur;
 - ii. the likelihood that force may be used;
 - iii. the degree of risk to subjects, officers, and/or the general public inherent in the situation; and
 - iv. the need to thoroughly document the events that may occur, have occurred, or are happening.
 - c) Proper activation examples include:
 - i. preparation to execute an arrest/search warrant or authorization of arrest;
 - ii. responding to an active shooter;
 - iii. observation of contraband during a face-to-face meeting with a supervised person;
 - iv. observation of signs of assaultive resistance in a subject; or
 - v. following an unexpected use of force by an officer or assaultive resistance by any subject.
- c. Probation and Parole File Privilege Considerations.
 - 1) It is anticipated that the majority of interactions that will require activation of BWCs will involve capturing data involving parolees and probationers.
 - 2) BWC video and audio data containing information related to the supervision of parolees and probationers is protected by statutory privileges. Ala. Code §§ 15-22-36(b) (parolees); 15-22-53(b) (probationers).
 - 3) While the privileges do not affect the decision to activate a BWC, they may impact the ability to use the video and/or audio recordings in non-ABPP proceedings in whole or in part.

Section 11	Effective Date: February 1, 2026
Subject: Body Worn Cameras	

- 4) When an officer activates a BWC, s/he will, where possible, take care to minimize the recording of privileged information by, among other things, directing the BWC away from privileged documents, and refraining from having unnecessary conversations about supervision.

D. Storage of BWC Data.

1. Unless other provisions of this policy, the BWC data storage policy, or the BWC manufacturer's recommendations are to the contrary, officers shall place their BWCs on/in their issued chargers prior to clocking out.
2. Ensuring data transfer.
 - a. Using the Data System vendor's software, officers shall ensure that all data captured during a shift successfully transferred to the Data System.
 - b. Officers may perform this check during their next regularly scheduled shift and are not to work overtime to perform the check unless directed to do so by a supervisor.
 - c. When an officer is aware, or should be aware, that his/her BWC has captured data of evidentiary value (e.g., a critical incident, use of force, evidence of a crime, evidence of a probation/parole violation, evidence of a law or policy violation by a member of this agency, etc.) s/he shall also use the Data System vendor's software to prevent the data's deletion and preserve its evidentiary value.

D. Retrieval and use of BWC Data for Agency Purposes.

1. Accessing of BWC data is strictly prohibited unless specifically authorized by this policy or a written exception authorized by the Director.
2. The use of BWC data is strictly prohibited except as required by law, permitted by this policy, or pursuant to a written authorization from the Director.
3. Authorized access and uses. Officers may view and use BWC data for the following ABPP internal purposes:
 - a. Supervising parolees and probationers. Officers may view and use BWC data when reasonably necessary as part of their supervision duties (e.g., as a reference when entering journal notes of a home visit, writing disciplinary reports, preparing to counsel a supervised person, etc.).
 - b. Parole court. Officers may submit, and hearing officers may receive and consider, BWC data when adjudicating parole violations. Officers are prohibited from using BWC's to record parole court hearings.

Section 11	Effective Date: February 1, 2026
Subject: Body Worn Cameras	

- c. Officer supervision. Supervisors may access BWC data of their direct subordinates for oversight purposes including work performance, training, policy compliance, and other valid reasons.
- d. Internal investigations. Special Investigations personnel may access and use BWC data during the course of an assigned internal affairs investigation that is, or is reasonably believed to be, relevant to the investigation.
- e. Employee discipline. BWC data may be used as evidence in any hearing permitted under the progressive discipline rules. The General Counsel will be consulted to ensure that any applicable privileges are maintained.
- f. Training. The Training Division may use BWCs and access BWC data for training purposes. Authorized training utilizations include, but are not limited to, using BWCs and data as part of a training session and accessing BWC data randomly to identify individual and systemic training issues.

E. Retrieval and Usage of BWC Data for Non-Agency Purposes. Because of the probation and parole file privileges, use of BWC data by anyone outside of the agency is severely restricted and will be permitted only as set forth below.

- 1. BWC data of parolees.
 - a. Under no circumstances will officers use or permit anyone outside of the Bureau to use, view, listen to, or possess BWC data that contains information protected by the parole file privilege.
 - b. Officers receiving requests for BWC data containing parolee information shall refer the requestor to the Legal Division.
 - c. BWC data may be released only as directed by an attorney in the Legal Division.
- 2. BWC data of probationers generally.
 - a. BWC data containing probation file privileged information may only be shared by order of the judge who sentenced the probationer. If the sentencing judge is no longer serving, the succeeding judge may waive the privilege.
 - b. Officers receiving requests for BWC data containing probationers shall refer the requestor to the Legal Division and release the BWC data only as directed by an attorney in the Legal Division.
- 3. Probation court proceedings. When BWC video depicts only the probationer subject to a probation court proceeding:
 - a. officers may reveal the existence of the video if relevant to the charged probation violation to prosecutors and the court;
 - b. officers may provide copies of the BWC data to the court and prosecutors upon request but must document in the probationer's journal notes who received the BWC data; and

Section 11	Effective Date: February 1, 2026
Subject: Body Worn Cameras	

- c. when directed to do so in writing by the court, officers may provide a copy of the BWC data to anyone else after first sending a copy of the court's order to the Legal Division and receiving clearance from a Legal Division attorney.
4. Officers shall not reveal the existence of BWC data containing any information protected by the parole or probation file privileges to any person outside of the agency unless the use of BWC data by such persons is authorized by law or this policy.
5. Officers wanting to reveal the existence of privilege protected BWC data to anyone outside of the Bureau or permit them to use such data in any way not explicitly permitted by this policy shall send a request through their chain of command for review by the Legal Division. Officers shall follow any instructions given by an attorney in the Legal Division with respect to such requests.
6. Any officer receiving a subpoena or other legal process for BWC data shall immediately forward the subpoena or other process directly to the Legal Division with a copy sent through the chain of command.

F. Prohibited Access and Usage of BWC Data.

1. BWC data shall not be accessed, downloaded, or used for any purpose unrelated to the official business of the ABPP.
2. Unauthorized tampering, copying, or downloading/disseminating BWC data, or attempts or actions that tamper, copy, view, or disclose/disseminate BWC data may subject officers to disciplinary action and/or criminal prosecution.
3. No officer shall access, download, or use BWC data knowing that s/he is under investigation or on behalf of another person whom the officer knows to be under investigation.
4. No officer shall access BWC data when not on duty or from any computer, phone, or other device not issued by the agency.

ALABAMA BOARD OF PARDONS AND PAROLES

BOARD ORDER and MINUTE ENTRY

PAROLEE: Marlon Jermaine Williams

AIS # 199715

The Alabama Board of Pardons and Paroles met on this **28th day of January 2026**, in open public meeting, at which time the following Board Members were present: Hal Nash, Chair, and Gabrelle Simmons, Member.

At the request of the Bureau of Pardons and Paroles, the Board reconsidered its action revoking Mr. Williams's parole on 9/25/2025. Mr. Williams was serving sentences for non-violent offenses and was charged with a technical parole violation. After reconsideration, the Board has determined the sanction in Mr. Williams's case should be a 45-day dunk.

Therefore, the Board vacates its order dated 9/25/2025 revoking Mr. Williams's parole. The Board orders Mr. Williams receive a 45-day dunk as a sanction, with time served. Mr. Williams will be returned to parole forthwith.

Done this the 28th day of January 2026.
