*** DRCs offer treatment services to offenders who have high criminogenic needs and are availible to judges as a form of alternate sentencing. The three-phase, evidence-based program helps clients assimilate back into society after incarceration. Although these facilities have only existed in Alabama since 2015, the Bureau has already seen evidence to their impact on individuals who complete programming. YTD indicates Oct 2021 through Sept 2022.**

ABPP

***Alabama consists of many rural communities, presenting challenges to delivering the type and scope of services that offenders typically receive in full Day Reporting Centers. Therefore, the Bureau has adopted the DRC Lites model for smaller, more rural offices. DRC Lites are condensed versions of DRCs and offer similar programming but are limited to focusing on cognitive behavioral treatment, substance dependence assistance and educational/job training.**
